INDEX TO VOLUME 32

PAGE

Achlorhydria and gastric ulcer; J. R. Bell 663
Achylia gastrica, etiologic relation of, to combined sclerosis of spinal cord; relief of symptoms following adequate hydrochloric acid therapy; D. Vanderhoof 958
Adkinson, J., Walker, I. C., and Wetmore, A. S.: Sensitization tests with digestive products of protein 323
Alkalis, effect of, on gastric secretion and motility; B. C. Lockwood and H. G. Chamberlin 74
Allergy: See Susceptibility
Alvarez, W. C.: Blood pressures in 15,000 university freshmen 17
Anemia, pernicious, metabolic studies in; R. B. Gibson and C. P. Howard .. 1
Ascitic fluid: See Effusions
Auricular fibrillation, clinical observations on dynamics of ventricular systole; auricular fibrillation; L. N. Katz and H. S. Feil 672

Bacteriophage in treatment of infections; E. B. McKinley 899
Bargen, J. A.: Experimental infectious streptococcus endocarditis and its arsenical therapy (sodium cacodylate) 727
Bell, J. R.: Gastric ulcer and achlorhydria 663
Blankenhorn, M. A.: Causes of turbidity in milky ascitic fluids 140
Chylous and pseudochylous effusions 129
Bloedorn, W. A., and Roberts, L. J.: Value of electrocardiograph in prognosis 718
Blood coagulation, new method for accurately determining time of; M. F. Petersen and C. A. Mills 188
concentration changes in extensive superficial burns; F. P. Underhill, G. L. Carrington, R. Kapsinow and G. T. Pack 31
pressures in 15,000 university freshmen; W. C. Alvarez 17
sugar reaction following intravenous injection of glucose; L. G. Rigler and H. L. Ulrich 343
uric acid in, relationship of excess of, to eczema and allied dermatoses, based on an analysis of over 200 cases; J. F. Schamberg and H. Brown 203
Bloomfield, A. L., and Felty, A. R.: Bacteriologic observations on acute tonsillitis with reference to epidemiology and susceptibility 483
Definition of hemolytic streptococcus parasitism in upper air passages of healthy people 386
Blumgart, H. L.: Three fatal adult cases of malabsorption of fat, with emaciation and anemia, and in two acidosis and tetany 113
Book Reviews:
Environment and Resistance in Tuberculosis; A. K. Krause 972
Recovery Record for Use in Tuberculosis; G. B. Webb and C. T. Ryder .. 972
Branch, A., and Miller, C. P.: Subacute bacterial endocarditis due to hemolytic hemophilic bacillus 911
Breath sounds, mechanism of production of; P. Martini 313
Brill, N. E., and Rosenthal, N.: Treatment by splenectomy of essential thrombocytopenia (purpura hemorrhagica) 939
Brown, G. E., and others: Toxic nephritis in pyloric and duodenal obstruction, renal insufficiency complicating gastric tetany 425

Brown, H., and Schamberg, J. F.: Relationship of excess of uric acid in blood to eczema and allied dermatoses, based on an analysis of over 200 cases..... 203
Burns, blood concentration changes in extensive superficial burns; F. P. Underhill, G. L. Carrington, R. Kapsinow and G. T. Pack..... 31
Byfield, A. F., and Gatewood, L. C.: Clinical report on acute cases of mercuric chlorid poisoning.....456

Calcareous degeneration, some interesting cases of, found in thorax; J. S. Pritchard 259
Cardiovascular system, clinical and roentgenologic study of 105 cases of syphilis with reference to cardiovascular system; E. Steinfield, G. E. Pfahler and J. V. Klauder..... 556
Carrington, G. L., and others: Blood concentration changes in extensive superficial burns, and their significance for systemic treatment..... 31
Chamberlin, H. G., and Lockwood, B. C.: Effect of alkalis on gastric secretion and motility as measured by fractional gastric analysis..... 74
Child, C. M.: General relation between susceptibility and physiologic condition 647
Childs, M. C. C., and Rabinowitch, I. M.: Contribution to biochemistry and treatment of chronic nephrosis (Epstein)..... 758
Clarkson, S., and Newburgh, L. H.: Renal injury produced in rabbits by diets containing meat..... 850
Coronary arteries, electrocardiographic changes following occlusion of left coronary artery; F. M. Smith..... 497
Cunningham, W. F., and McAlpin, K.: Experiments with Hodgkin's disease, an attempt to produce it in anthropoids and other monkeys.... 353

Delprat, G. D., Jr.: Studies on liver function, rose bengal elimination from blood as influenced by liver injury 401
Dermatoses, relationship of excess of uric acid in blood to eczema and allied dermatoses, based on an analysis of over 200 cases; J. F. Schamberg and H. Brown 203
Diabetes insipidus, observations on influence of pituitary extract on metabolism in diabetes insipidus; J. F. Weir..... 617
mellitus, blood oxygen in; S. B. Grant..... 764
mellitus, effects of insulin in; I. M. Rabinowitch..... 796
mellitus, studies of; results of treatment by diet adjustment with reference to maintenance requirement and ketogenic-antiketogenic balance; W. S. McCann, R. R. Hannon, W. A. Perlzweig and E. H. Tompkins 226
Digitalis elimination; H. Gold..... 779
Downey, H., and McKinlay, C. A.: Acute lymphadenosis compared with acute lymphatic leukemia..... 82
Duke, W. W.: Specific tests in diagnosis of allergy..... 298

Eczema, relationship of excess of uric acid in blood to eczema and allied dermatoses, based on an analysis of over 200 cases; J. F. Schamberg and H. Brown 203
Effusions, causes of turbidity in milky ascitic fluids; M. A. Blankenhorn.. 140
chylous and pseudocylous effusions, report of 7 cases; M. A. Blankenhorn 129
Electrocardiograph in prognosis; W. A. Bloedorn and L. J. Roberts..... 718
changes following occlusion of left coronary artery; F. M. Smith..... 497
Endocarditis, experimental infectious streptococcus endocarditis and its arsenical therapy; J. A. Bargen..... 727

Endocarditis—Continued PAGE
subacute bacterial, due to hemolytic hemophilic bacillus, report of case; C. P. Miller and A. Branch 911
Eusterman, G. B., and others: Toxic nephritis in pyloric and duodenal obstruction, renal insufficiency complicating gastric tetany 425
Exercise, studies on rabbit's heart; effect of vigorous exercise on size of normal and abnormal heart; B. Gordon and G. F. Strong 517

Fat, malabsorption of, three fatal adult cases with emaciation and anemia, and in two acidosis and tetany; H. L. Blumgart 113
Feil, H. S., and Katz, L. N.: Clinical observations on dynamics of ventricular systole; auricular fibrillation 672
Felty, A. R., and Bloomfield, A. L.: Bacteriologic observations on acute tonsillitis with reference to epidemiology and susceptibility 483
Definition of hemolytic streptococcus parasitism in upper air passages of healthy people 386

Frothingham, C., and Wolbach, S. B.: Influenza epidemic at Camp Devens in 1918 571

Garbat, A. L.: Gastric secretion in response to duodenal feeding 771
Gastroscopy in 30 cases of gastric neoplasm; R. Schindler 635
Gatewood, L. C., and Byfield, A. F.: Clinical report on acute cases of mercuric chlorid poisoning 456
Giardia infection: See Lambliasis
Gibson, R. B., and Howard, C. P.: Metabolic studies in pernicious anemia .. 1
Glucose, blood sugar reaction following intravenous injection of; L. G. Rigler and H. L. Ulrich 343
Goiter, exophthalmic, observations on 192 consecutive days of basal metabolism, food intake, pulse rate, and body weight in a patient with exophthalmic goiter; C. C. Sturgis 50
Gold, H.: Digitalis elimination 779
Gonorrheal myelitis; F. M. Phifer and N. K. Forster 530
Gordon, B., and Strong, G. F.: Studies on rabbit's heart: effect of strophanthin on size of normal and of abnormal heart 510
Studies on rabbit's heart; effect of vigorous exercise on size of normal and abnormal heart 517
Grant, S. B.: Study of blood oxygen in diabetes mellitus 764

Haden, R. L.: Elective localization in eye of bacteria from infected teeth .. 828
Hannon, R. R., and others: Studies of diabetes mellitus; results of treatment by diet adjustment with reference to maintenance requirement and ketogenic-antiketogenic balance 226
Hartman, H. R., and others: Toxic nephritis in pyloric and duodenal obstruction, renal insufficiency complicating gastric tetany 425
Heart, dynamics of ventricular systole; auricular fibrillation; L. N. Katz and H. S. Feil 672
electrocardiograph in prognosis; W. A. Bloedorn and L. J. Roberts 718
electrocardiographic changes following occlusion of left coronary artery; F. M. Smith 497
induction of premature contractions and auricular fibrillation by forced breathing, associated with a change in location of pacemaker; F. M. Smith and W. B. Moody 192

Heart—Continued PAGE
observations on changes in size and shape of hearts during progress of compensation; J. C. Friedman and S. Strauss 601
size of, in pneumonia, a teleroentgenographic study, with observations on effect of digitalis therapy; R. L. Levy 359
studies on rabbit's heart; effect of strophanthin on size of normal and of abnormal heart; G. F. Strong and B. Gordon 510
studies on rabbit's heart; effect of vigorous exercise on size of normal and abnormal heart; B. Gordon and G. F. Strong 517
Hodgkin's disease, blood counts in; report of cases; K. R. McAlpin 954
experiments with; attempt to produce it in monkeys; W. F. Cunningham and K. McAlpin 353
malignant lymphoma, a radiographic study; L. R. Whitaker 538
Hollander, E.: Giardia intestinalis infection 522
Howard, C. P., and Gibson, R. B.: Metabolic studies in pernicious anemia 1
Hsieh, P. L., and Foster, J. H.: Vital capacity of Chinese 335
Hypertension, observations on salt in vascular hypertension; J. P. O'Hare and W. G. Walker 283

Infection, bacteriophage in treatment of; E. B. McKinley 899
elective localization in eye of bacteria from infected teeth; R. L. Haden .. 828
staphylococcus focal, complications of; L. M. Morris 746
Influenza epidemic at Camp Devens in 1918; study of pathology of fatal cases; S. B. Wolbach and C. Frothingham 571
Insulin in treatment of diabetes mellitus; I. M. Rabinowitch 796
Intestines, obstruction, toxic nephritis in pyloric and duodenal obstruction, renal insufficiency complicating gastric tetany; G. E. Brown, G. B. Eusterman, H. R. Hartman and L. G. Rowntree 425

Kantor, J. L.: Lamblia (Giardia) infection associated with cholecystitis .. 693
Kapsinow, R., and others: Blood concentration changes in extensive superficial burns, and their significance for systemic treatment 31
Katz, L. N., and Feil, H. S.: Clinical observations on dynamics of ventricular systole; auricular fibrillation 672
Kemp, J. E., and Moore, J. E.: Studies in familial neurosyphilis; conjugal neurosyphilis 464
Kidney efficiency, urea concentration factor in estimation of; I. M. Rabinowitch 927
function, benzoate test for; F. B. Kingsbury 175
injury produced in rabbits by diets containing meat; L. H. Newburgh and S. Clarkson 850
Kingsbury, F. B.: Benzoate test for renal function 175
Klauder, J. V., Steinfield, E., and Pfahler, G. E.: Clinical and roentgenologic study of 105 cases of syphilis with reference to cardiovascular system 556

Lambliasis; E. Hollander 522
associated with cholecystitis, report of case treated with neo-arsphenamin; J. L. Kantor 693
Lennox, W. G., and Means, J. H.: Study of basal and nitrogenous metabolism in case of acute leukemia during roentgen-ray treatment 705
Leukemia, acute lymphatic, compared with acute lymphadenosis; H. Downey and C. A. McKinlay 82
acute, basal and nitrogenous metabolism in case during roentgen-ray treatment; W. G. Lennox and J. H. Means 705
